A special time of prayer for Miss Beddow from her fellow professors.

Mrs. Swihart presents her friend and colleague with a corsage for Miss Beddow's retirement party.

The clock and plaque presented to Miss Beddow.

Mr. Ingmire reads what is inscribed on the plaque:

With our Love and Appreciation
the faculty and staff honor
Virginia Beddow
for 16 years of faithful service to
Manhattan Christian College
Associate Professor of Educational Ministry (1992-2008)
Head of Practical Ministries Department (1998-2008)
Colleague, Friend, and Fellow
Servant (always)

"You have taught us to proclaim Christ, teaching with all wisdom, so that every person is presented mature in Christ."

(adapted from Colossians 1:28)

What's a party without cake? Jennifer Griffiths made a fabulous cake with a picture of Miss Beddow on it.

Sweet Sixteen

After a 16-year energetic ministry at Manhattan Christian College, Virginia Beddow is looking forward to what God has planned in the next stages of her life. Since 1992, Beddow has served as the Associate Professor of Educational Ministries. In addition, she has served as head of the Practical Ministries Department since 1998. Throughout her life Beddow has worked tirelessly to excite teachers with the vision that they are helping people both to understand and to apply the truths of God's Word. Beddow's commitment to

MCC and her students extended way beyond the normal classroom hours. She was an avid sports fan, cheering on the Crusader teams whenever they played at home. She coordinated and edited the yearbook for many years, led student life groups, trained students to lead children's programming during MCC Scholarshare weekends, taught teacher training seminars in churches throughout Kansas, and volunteered many hours on the Woman's World committee coordinating seminars and seminar leaders.

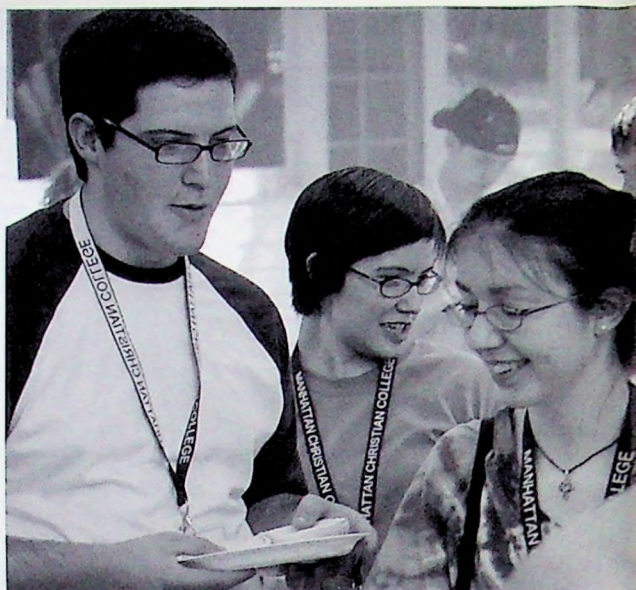

Fellow Professor and friend, Dr. Delort, presents Miss Beddow with a gift from her colleagues. She received a clock that she proudly displays in the above picture.

Beginning of the Year

Every new school year brings with it many emotions. New students are anxious and a little nervous, while returning students are ready to be back and reunited with their friends. The first few days are busy with move-in day, orientation, enrollment, financial aid meetings... just a few enjoyable aspects of starting a new year. The

next couple of days included bowling at the K-State Union, an ice cream social with President Ingram, the annual Faculty/Staff vs. Student softball game and watermelon feed, worship in the park, activities fair, and many infamous team building events which no one will soon forget.

MCC's 80th Birthday

On September 12, 2007 Manhattan Christian College celebrated her 80th birthday. In honor of this occasion Institutional Advancement planned a birthday celebration. Along with the Faculty/Staff and students, many other friends of the college were in attendance. Manhattan Mayor, Tom Phillips, attended and spoke about MCC's key role in the city.

Lyle Butler, President of the Manhattan Chamber of Commerce, and Nelson Galle, former Chair of the Kansas Board of Regents also joined in the celebration. Mr. Galle talked about MCC's role in higher education. It is exciting to reminisce about where MCC has been but even more exciting to see where God leads our beloved college.

President, Kevin Ingram, speaks about the progress the college has made in the past years and the excitement of years to come.

Barn Party

Let the party begin! The MCC Annual Barn Party was once again held at the Swihart's farm. The faculty/staff, students, and friends enjoyed a night at the barn dressing up with some of the most random costumes, enjoying free food and a great band. This party also featured mechanical bull rides, jack-o-lantern carving contest, a dance off,

and the best and worst dressed costumes. These winners were Best Couple- Clint Bowles and Holly Morgan making their own Robot Costumes; Best Dressed Male- Drew Proctor being Superman's Facebook; Best Dressed Female- Kayleigh Jannotte being Quail Man. This year's party was said to be one of the best yet!

Winterfest

This year Campus Program Council (CPC) hosted Winterfest, previously known as Winter Banquet. Instead of a formal event, the committee opted for a more casual themed party. Winterfest was held at BlackJack Hills, a Western-themed event center just outside of Manhattan. The students were encouraged to wear their "western gear" in order to fit

the more casual feel of the night. The evening was full of food, dancing, hayrides, games, and hot chocolate. Although the weather was very cold, everyone that attended had a great time dancing and enjoyed spending time with their fellow Crusaders.

Skip Day

Everyone's favorite day of the entire year was a success. After months of planning, Skip Day was in order to take place on April 24th, 2008. Activities began at 10AM for the girls with an awesome game of Powder-puff Football where the Sophomore and Senior class beat the Freshman and Junior class. The competitiveness struck the field as the

girls persevered for their win. Later, lunch was served and growing stomachs were satisfied. After a delicious lunch, most of the students headed out to Wildcat Creek Golf and Fitness to enjoy the rest of their day with golf, softball, driving range, batting cages and a fun game of soccer for a successful Skip Day!

Spring Banquet

This year's Spring Banquet was hosted by Campus Program Council and was held downtown at the Wareham Theatre. The theme was *A Night in Manhattan*. It was a night filled with fun, food, and dancing. The food was catered by Sweet Dreams Catering, the music was DJ'd by Josh Tedder himself, and the entertainment was a video

produced by Nick Brown. The video went off a theme "Best Year Ever" from VH 1's "Best Week Ever" recapturing all the memories of this year from the black out, to the different sayings, to gaming, etc. Three awards were also given by Ben Grogg and Eric Sanford during the night to six different deserving students.

Kerusso Dayz: Community

This year was the third annual Kerusso Dayz: Community. There were several students, faculty and staff who gave up their time to serve the Manhattan community and to show the love of Christ to local organizations such as: Big Brothers and Big Sisters, Boys and Girls Club of Manhattan, City Parks and Recreation, Flint Hills Breadbasket, Flint Hills

Christian School, Manhattan Arts Center, Manhattan Day Care, Manhattan Emergency Shelter, and Youth For Christ. Students also participated in "rake 'n leave." Students traveled from house to house throughout the neighborhoods surrounding our campus and rake leaves.

Kerusso Dayz

In the year 1999, Student Council had a brilliant idea that would get students involved in going out and serving in not only the community, but around the United States as well. It was in the year 2000 that they first kicked off their Kerusso Dayz spring break trips and it has been thriving ever since. Kerusso Dayz Spring Break 2008 included

trips to Joplin, Missouri (led by Will Heck), Sonoyta, Mexico (led by Erin Fichter and Garett McHugh), and New Orleans, Louisiana (led by Kevin Hubbard and Jacquelyn Phillips). The tasks within these trips involved tearing down and rebuilding fences, deep cleaning, running concerts, and remodeling a Sunday school building.

Barnabas, the local missionary, at the base of a beautiful waterfall performing a baptism. For a new convert, Kat Fitch said that she could not believe how upfront and outspoken he is about his faith and was amazed by how he would stop people on the street and tell them straight to their face that they needed to convert to Christianity.

Kerusso Dayz: International

In this large and wonderful world that God created, there are many different cultures. In the hustle and bustle of American life it is sometimes forgotten that Christians are to go and teach all nations. On this Kerusso Dayz trip to Thailand, three of MCC's Crusaders were able to experience how it is to live the calling, learning along the way, and gain-

ing new experiences that will help them in everything they do for the Kingdom. They were able to see first hand how Barnabas, a local national missionary, spreads the Word of God to his people. Seeing first-hand villages that were once lost, become found and remove their shekels by tearing down their Spirit altars.

Without knowing the language, the team was still able to show the love of Christ to the people all around them. This little girl from a girls home befriended the team along their journey.

Kat Fitch, Jesse McAlexander, and Scott McHenry pose for a picture together in the village of Lifu, Thailand. Lifu is a small border town in Thailand, just across the way is Burma. The military of Burma is in power and has ordered the extermination of all Christians from the country. That however is not stopping the spread of the Word.

Nursing Home - A Different View

There are many student-led ministries at Manhattan Christian College. Two of them are Nursing Home (led by Michael Boyle) and A Different View (led by Jacob Russell and Megan Baehr). The Nursing Home ministry goes out once a week to a local nursing home where they sing for the residents and spend some time getting to know the residents.

A Different View is a drama team that travels to churches around the area to perform God's Word in a creative way. Both of these ministries offer serving opportunities for students in a unique and powerful way.

Triune

Triune is primarily a video ministry, but also offers graphic design, web page design, and a number of other artistic medias. This is done in order to aid other Christian ministries and churches, and outreach to a world in need. Triune is a completely student-led ministry and is headed by Kasey Portenier for it's second year in existence. They have

done numerous Chapel videos along with promotional videos for a variety of Christian ministries and organizations. For example: Youth for Christ, Job Corp, and KSU's Campus Crusade for Christ. Also, this year they conducted a Silent Art Auction to raise money for aids orphans in Africa.

Here we have a picture of the fierce Kasey Portenier, creator and leader of Triune Ministries.

Chapel

The MCC cafeteria was transformed every Tuesday this year for the morning chapel service. Due to the renovation taking place on Jolliffe Hall, the chapel was relocated temporarily until the project on Jolliffe is finished. Although the transition may have been difficult for some, it did not stop heartfelt worship from taking place as well as

the preaching of challenging and inspiring sermons. In order to connect the messages this year, a unifying theme was given to each series of sermons. Chapel not only created an awesome environment for worship, it provided an opportunity for the body of MCC to come together and grow in their relationships with each other and Christ.

Camp Team - Event Staff

Camp Teams and Event Staff are two ways students can serve and be involved. These students are selected by the MCC Admission Office. Both Camp Team and Event Staff are used as an outreach for students across the United States. Event Staff helps with Oasis during the Fall semester and Bible Bowl in the spring semester. These weekends are busy

with registration, games, and busyness in the dorms. Camp Teams travel to Christian camps and CTY conferences across the United States for ten weeks each summer. The ten weeks are tiring but lots of fun as well.

Kenoyer Hall

Living in a residence hall is probably one of the biggest changes you will encounter when moving to college, unless you already have 70 some sisters. And that's exactly what you experience when you live in Kenoyer Hall. When you live with so many girls you have your share of laughing, crying, hysterics, and heart to hearts, usually all occurring in one

night! The girls all enjoy the times they have had, and look forward to the times they will have. There is never a dull moment in the dorms, and by never we really mean NEVER! Monday nights are usually the best because Dorm Devotions take place where the girls get together in fellowship and worship the One whom they choose to serve!

Stupid Olympics, Fight nights, Dorm Devotions, and late night movies are just a small taste of the experience inside the brick building that sits across from Burger King. Johnson Hall is home to the freshman and sophomore men at MCC. During the 2007-08 year there has been a total of 85 men living together for nine months. The men inside this

hall not only encourage each other through studies, relationships, and life, but also help each other as they continue to mature and grow in their spiritual lives. It is through this building, filled with a vast array of people from many different backgrounds, that create relationships that will last for life.

Classroom

When MCC students aren't busy participating in the many activities and ministries around campus, or competing in sand volleyball tournaments, or hanging out in the dorms playing video games, they love to learn. Whether it be in the classroom, Campus Center, dorms or MCC library, students find the time to study, go to class and work toward

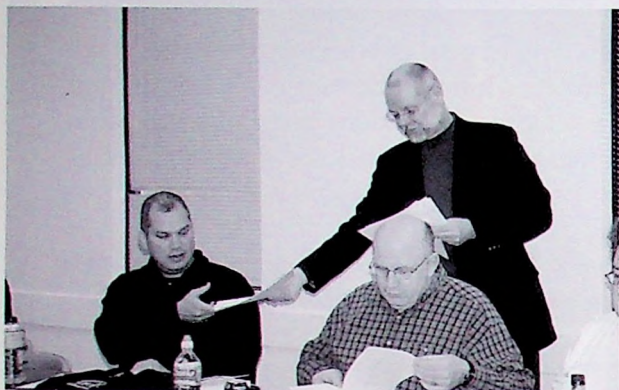

the coveted goal of walking across the stage at graduation. Academics is a foundational element of the student body's preparation to go out and do work for the Kingdom of God. Students spend lots of time in lots of places studying for their different classes. The wisdom and growth that takes place in the classroom goes far beyond the textbook.

LEAD

The LEAD degree completion program was established in 1994. The program is for non traditional students looking to continue their education, but are not looking for the conventional college experience. Students involved in LEAD are normally looking to advance in their job or are looking for a change in career. Many of the students work full-time,

so the classes take place once a week at night and the courses are taken one at a time, in a small-group environment. Being involved in the LEAD program results in an accredited Bachelor's of Science degree in Management and Ethics after taking 120 course hours over a course of 21 months.

Women's World

The 31st annual Woman's World Conference was held February 22-23, 2008 at the Kansas State University Union. Despite the cold and wet winter Kansas experienced this year, attendance totaled 611 and the women represented 12 different states. This year's theme was "Love Beyond Measure" and the keynote speaker was Joanne Wallace from Washougal, WA. MCC professor Genilyn Mc-

Caffrey, along with student Tiffany Nitzsche, were the worship leaders. Eighteen different seminars allowed the women to personalize their weekend with everyone getting to choose four. This year's scholarship award winners were: Allison Morton, Kelly French, and Amber Ziegler.

WOMEN'S VOLLEYBALL

The Volleyball team did an outstanding job and finished 31-6 for the season. The Lady Crusaders travelled to Moberly, MO, for the Conference Tournament and took 2nd place. A week later was the Regional Tournament where they defeated Ozark to be the Regional Champions. Ellie Stutzman was named the Central Region MVP. Jen McGauley was named Central Region Libero of the

Year. Joanna Ingmire was named to the 1st All Region Team and Katie Crum was named to the 2nd

WOMEN'S SOCCER

This year's women's soccer team could be described with words like dedicated, full of character, and team players. What is even more impressive though, is the Expectations that they were able to beat and overcome all throughout their season. The Lady Crusaders started off the season with two new coaches: Eric Ingmire and Bryan Dunham. They were a huge addition to the program and were loved

even in the midst of plyo's, miles around town and their notorious "or what" statements. With some strong

MEN'S SOCCER

The Men's soccer team had an uphill battle all year long. Battling injuries and frustration which all came out with a t-shirt, a medal, a banner and big fat ring in the end. The men qualified for Nationals for the 10th consecutive year which truly has become a decade of excellence not falling below the top three in a number of years. This year's National Championship ended in an exciting overtime victory when senior

Greg Klass became the hero. The team bonded together all year and have created relationships that will last

as people, but as Christians. During Nationals and a trip to Cocoa Beach, senior Serginho Sandy and junior

WOMEN'S BASKETBALL

The Manhattan Christian College Women's Basketball team started off the season slow but began to pick things up towards the end of the season. After starting the season 2-8, the team began to pick up more wins during the rest of the season. The girls finished the season at 14-19 and 7-3 in conference play. The girls included some thrillers for the fans as they took multiple games into the last minute of the game or into

overtime. They finished second in the conference tournament, dropping the game by six to Ozark after

advance to the final.

The Manhattan Christian College team was very young, but throughout the year matured well beyond their years. With leadership from senior Abby Cotten and junior Chandler Hiebsch, the women basketball team can be proud of the huge steps accomplished this year. This year can be looked at as a success for the

MEN'S BASKETBALL

The Crusader Men's Basketball team went through a season of hard work that helped lead them to a berth in the National Tournament. The Crusaders finished the season 25-16 overall with a Conference record of 9-1. They were named co-Conference champs along with Grace and took the number two seed in the Conference tournament. Though the team lost to Grace earlier in the season, the team came out

tough and pulled out an exciting victory against a very tough team. The team went into Regional play

a spot in the National tournament. The team also did well at Nationals winning two of four games.

Jordan Strom

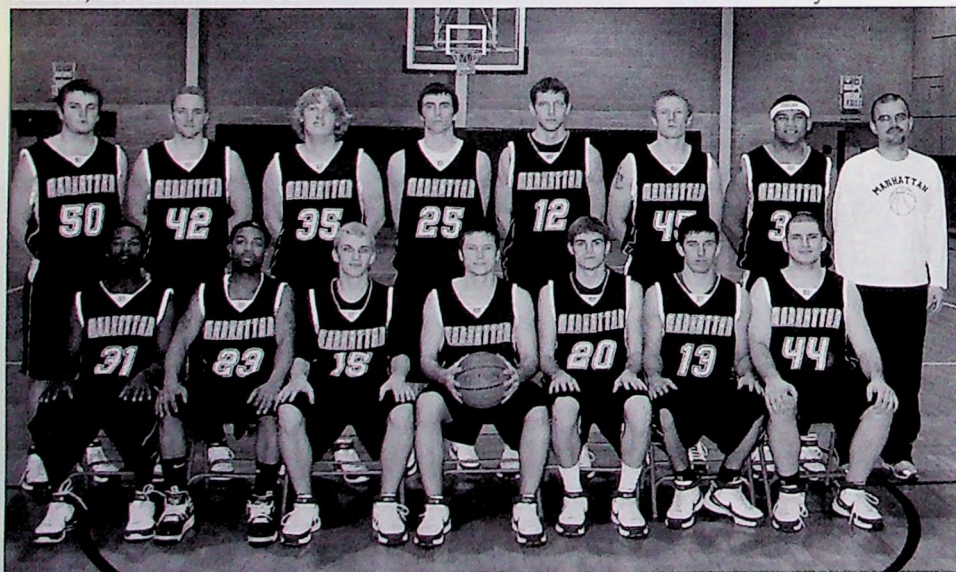

"Placing 6th this past season was a great accomplishment for our team and our school. We hope to build on this and make a run at a National Championship for next season!"

Not only did the team go through exciting victories this season, but one person left his mark as the only senior and left a little of his legacy as well. Senior Ryan Kluttz has been playing at MCC for the past four years and made history

with high expectations but was just short. Despite the loss, the team still claimed

this year by becoming the all-time leading scorer in school history.

MEN'S BASEBALL

The MCC Baseball team was one of the five MCC sports teams to go and place at the NCAA National Tournament this year. Coming away with a third place win in the National Tournament, the baseball team enjoyed their highest finish ever in the four year existence. This year marked the first time the baseball team has reached the tournament in Lakeland, Florida and Ozark Christian College was added

to our region. MCC finished the year winning five out of the seven games played

against our rival, Ozark. The team's will to improve over the past four years was

recognized with the much improved record. This success can be credited to the coaches, seniors, and underclassmen who stepped up to the challenge of improvement. All in all, the Crusader baseball team not only showed a determination to succeed, but demonstrated a Christ-like attitude both on and off the field.

Graduation

A time that every guy and girl look forward to is the first day of college. It's a time of freedom, a time of experience, a time of change and time for growing. What no one realizes is that it goes so fast and the time you put into your education finally pays off. For the 80 students that graduated from MCC this year, their time has paid off. Graduation for

Manhattan Christian College was held on Saturday, May 10 at Forum Hall in the Kansas State Union. Trent Renner was the speaker who came from Surprise, AZ to give an address on "Elevate (or)." Through 14 different degrees, the graduating class of 2008 said their goodbyes to the halls of Coffin.

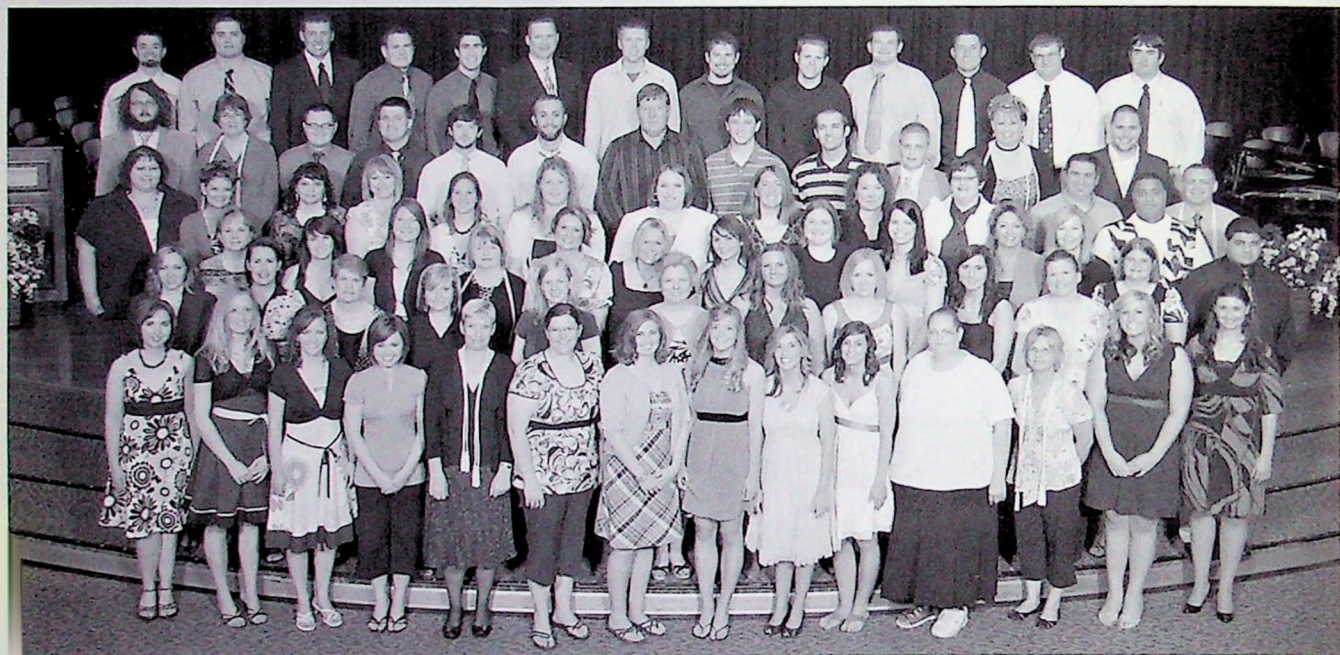

John Hageman, from the LEAD Program, speaks during the Graduation Luncheon.

Remembering Patty...

The Student Life Office & MCC community lost a vital member of our family July 13, 2007. Patty Griswold, Administrative Assistant to the Vice President of Student Life worked as a dedicated servant to the college for 18 years and will be fondly remembered by both students and colleagues. A scholarship has been established in the honor of Patty. Eric Sanford, Director of Student Development

says, "I have missed Patty a lot this past year as she was not only a help in the office but a great person to gain advice from and learn from. Patty was like another grandmother to me. She was always willing to chat and hear about my life as I was with her and her family. The Student Life Office misses Patty a lot but are thankful she is with her Lord and Savior."
